Professional Development

Wilkerson Architects, LLC, Greenville, SC

2000-present

A Commercial and Residential Firm based in Greenville SC. The present practice includes service to multiple franchise corporations associated with quick serve restaurants and retail centers and light industrial work. Our residential service, which I oversee, includes renovation and new construction, site planning and interior design. I have been involved in all phases with residential construction of a diversity of scope and scale. I have researched background building code information to be used for expert witness in court.

Craig, Gaulden and Davis, Architects, Greenville, SC

1988- 1995

Organized in 1957 as Craig and Gaulden Architects, located in Greenville SC. The firm had grown to seven partners by 1988 and offered a full service product which included Interior Design, Landscape Architecture, Planning Departments and Structural Engineering. The practice included cultural, religious, educational, commercial, and governmental buildings with a few private residences designed each year. I served as a project designer for a range of cultural, religious, educational and commercial buildings types.

Architectural Design Group, Architects, Fort Lauderdale, FL.

1985-1987

A South Florida architectural practice located in Fort Lauderdale, FL. The practice is a subsidiary of Edward Durell Stones Landscape practice and offers service mainly in Resort and Hospitality with Country Club facilities, Dormitories and Housing, and light residential work. My responsibilities included the design development of several golf and country club designs, the development of an interiors library, space planning, development and presentation drawings, FF&E procurement and the execution of construction documents.

Vern Currie Design Associates, Fort Lauderdale, FL.

1983-1985

An Interior Design firm based in Fort Lauderdale FL., which served both commercial and residential clients. Responsibilities included adaptive reuse of commercial and residential properties, space planning, preparation of presentation boards, design of custom cabinetry and casework, and FF&E selection and procurement.

GRESHAM SMITH AND PARTNERS, Birmingham, Alabama

1982-Summer

A Nashville TN. Based firm with an office in Birmingham AL. where I worked as an intern for the summer of 1982. GS&P is an architectural, engineering, planning and interior design practice that provides a comprehensive suite of design and planning services. I worked here for one summer and was on the Alabama Power Co. team; we documented all furniture and fixtures in the existing building before demolition and addition to the historic Alabama Power building in downtown Birmingham.
